Aspiring Full Stack Developer with expertise in backend development using Java & Spring Boot and frontend development with Angular. Gained hands-on experience in building scalable and secure applications during internship projects and solved 350+ LeetCode problems.

EDUCATION

Oriental Institute of Science and Technology, Bhopal, Madhya Pradesh B. Tech Computer Science and Engineering in Data Science 79.90%	2021 – 2025
Sushant Public School Noonfara, Muzaffarpur, Bihar 12 th PCM Central board of Secondary Education 81.6%	2019 – 2021
BPS Public School Naokothi, Begusarai, Bihar 10 th Central board of Secondary Education 86.4%	2019

SKILLS

Language: Java, JavaScript (Angular), Html5, Css3, SQL

Frameworks & Technologies: Spring Boot, Spring Data JPA, Spring Security, Restful Web Services, Angular, Microservices, R2dbc, WebFlux, Reactive Programming

Databases & DBMS: MySQL, MongoDB, SQL Server, DBMS Concepts

Developer Tools: Git, GitHub, Postman, Vs Code, Eclipse, IntelliJ Idea, Maven

Core Cs Concepts: Data Structures, Algorithms, Object-Oriented Design, Problem Solving, Complexity Analysis

Soft Skills: Fast Learner, Collaborative Team Player, Strong Analytical and Problem-Solving Abilities

EXPERIENCE

Java Developer Intern at Netlink Dec 2024 – Mar 2025

Contributed to IDP and Gateway projects during internship by enhancing backend logic using Spring Boot, and JPA Criteria API, and implementing secure request routing via Spring Cloud Gateway. Comprehensive unit tests developed, increasing test coverage from 30% to 96% in the Gateway project and from 25% to 88% in the IDP project. Gained hands-on experience with microservices architecture, RESTful APIs, and dependency injection.

PROJECTS

E Commerce

Key-Role: - Backend Developer | Java Developer

Technology used: - Spring Boot | Spring MVC | Spring Data JPA | Spring WebFlux | RESTful API

Description: - Built the backend of an e-commerce application using RESTful APIs, enabling seamless user experience and efficient admin management with scalable and maintainable services.

GadgetHub

Key-Role: - Full Stack Developer

Technology used: - HTML | CSS | JavaScript | Servlet | JSP | Oracle

Description: - Developed a full-stack e-commerce application using Servlets and JSP for the backend and Oracle as the database, offering seamless shopping and efficient admin management experiences.

Evento

Key-Role: - UI Designer & Java Developer

Technology used: - Android Studio | XML | Java | Firebase

Description: - Developed an Android application to manage and share campus events, allowing users to create, view, and register for college events. Implemented features for real-time updates and user-specific event tracking.

CERTIFICATIONS

- DSA Using Java | NPTEL
- SQL for Data Analytics | Internshala
- Introduction to Android Development | Coursera
- Spring Boot | LinkedIn Learning

VOLUNTEERING

- NSS Volunteer | JUL 2022 – MAR 2025
- T&P Cell | Placement Volunteer | DEC 2023 – JAN 2025
